The Fund's investment objectives, risks, charges and expenses must be considered carefully before investing. The statutory and summary prospectus contains this and other important information about the investment company, and they may be obtained by calling 1-855-823-3611 or visiting www.bridgebuildermutualfunds.com. Read the prospectus carefully before investing.

Mutual fund investing involves risk. The value of your investment in the Fund could go down as well as up. Investments in non-U.S. dollar denominated foreign securities (including emerging markets) may be more sensitive to currency fluctuations, political and economic instability, differing government regulations and liquidity risk. Multi-manager and multi-style management may lead to overlapping securities transactions and higher transaction expenses compared to single investment management styles. Outcomes depend on the skill of the sub-advisers and adviser and the allocation of assets amongst them.
